

REMARKS

The claims of the present application have previously been amended under PCT Article 34 (see, e.g., copy of FORM PCT/IPEA/416 submitted herewith). On consideration of the claims of the present application, Applicants submit the above Preliminary Amendment to remove the multiple dependencies of the claims as previously amended under PCT Article 34.

Upon entry of the foregoing amendments, claims 1-22 are pending in the application, with claim 1 being the independent claim. Support for the subject matter of the amended claims is contained in the application as originally filed. Because the foregoing changes introduce no new matter, their entry is respectfully requested.
